GS: When and how did you recognize your “**Purpose**” in ministry?

MT: I realized my “Purpose” before I started ministry. I didn’t even realize that female evangelist exists. It started with a thirst and a hunger for righteousness (Catalyst), I was driven to look for a solution as to why I had to suffer and go through so much. I realized there was so much more to being saved than just going to church, clapping my hands, singing in the choir. I knew that there was the “Super Natural” More than the human eye could conceive. Familiar with the “Super Natural” I had gifts and knew there was another realm before I got saved, I came from a very conservative background, never capturing the super natural or having questions to spirits, ghosts, and seeing things before they happened. I’ve had the “Calling” all my life, never knowing what it was. “**God Deals with me in the Prophetic I am a Prophet.**”

GS: On your website (which by the way reflects your natural as well as your spiritual beauty) you have a message titled “**Predestinated Inheritance.**” Tell us a little bit about that message.

MT: Derived from in depth commune with GOD. The Lord gives me insight on the message He wants to convey to the people. This is what I studied... a lot of people are confused as to how you have free will but be destined to go to hell or heaven. I asked the Lord, “How could this be possible.” He answered, “I ordained you before the very foundation of the earth.” Conditioned with His divine will He designed man to be a part of

him; because god is an eternal being, he designed man also in his image. Our souls are eternal there is no beginning or end unless God decides to expose us to the fiery furnace. We should rule and reign with Christ and everything that Christ has made. Jesus chose to give it to us before the foundation of the world. It surpasses what we know to be life. It goes throughout eternity. *Lay not up for yourselves treasures upon earth, where moth and rust doth corrupt, and where thieves break through and steal: But lay up for yourselves treasures in heaven, where neither moth nor rust doth corrupt, and where thieves do not break through nor steal:* (Matthew 6:19-20 KJV)

GS: Your testimony is **AWESOME!** Being that I too was a victim of Domestic Violence/Abuse as well as sexual molestation, I can solely relate to what you have gone through. How important is it that we minister the “**Unadulterated Truth**” about Domestic Situations since it is so broad but not often taught or talked about to our young women and men? Please tell us how God can bring a person through.

MT: Preventative Measures is what we need to teach them. Because of our childhood and how we perceive what **love** is. We enter into relationships being incompatible with a person with which whom we are in the relationship with, we are not realistic enough to see them in entirety and the future of what having a relationship with them will be. As for husbands and wives or vice versa we have to let our spouse know that we **Do Not Deserve** to be in an abusive situation you are one flesh but not one soul one spirit. Husbands are to love the wives as Christ loves the church. Christ wouldn't slap the church around but love it as if it was its own flesh. The reason people receive abuse is because they have *low esteem*. Some can be beat down until they feel worthless. The church preaches about prosperity, wealth etc... But we don't teach the **VALUE** of **SELF** (of who you are). I believe it's important for the ministry to teach **VALUE** and that you are an **ASSET** and **TREASURE** not to be beat, mistreated or destroyed.

GS: You have some great accolades behind you. Do you care to share and elaborate on some of them? For instance, you are contracted for the United States Government SBA Disaster Assistance. I know this past year has been busy for you with Hurricane Katrina and all...

MT: I really enjoy working with US Government. I feel that it's an honor, I feel like a Daniel and Joseph. In the work place we need to let our light shine this is our opportunity for God to show up and show out! There is nothing I love greater than being able to assist human beings. It's not a waste of time or energy. I once questioned ministry in this and God said “this is your ministry at this time.” I had influence with a top executive. (Hallelujah!)

GS: Okay, now here's the “**Good Stuff**” that is sure to get our young people “**hyped!!**” You are Master P's Cousin! How great is that? What is it like and can you share some of your testimony on how this got you the opportunity to get involved with the rap industry as well as the “**Holy Hip Hop Movement.**”

MT: I was his cousin before he was Master P. I feel that God allowed him the money to come into fame and fortune. I can testify that he and his family were extremely poor before his career. The poverty that we saw on TV during Hurricane Katrina is what he grew up with and in. They were the working poor. I never had an interest in Hip Hop. I am a very laid back person, God gave the anointing to draw people (they would literally flock to me). All I had to offer them (celebrities and all) was Jesus. Working along side

with Master P and my brother (who was a lead producer at the time) showed me a lifestyle that was over intoxicating to the point that me (being saved at the time) almost slipped up and fell! The wealth was beyond my wildest expectations; the money was so plentiful we could buy anything we wanted! I had to get my eyes off of that and focus on Jesus. I started back writing and doing research for my book. During this time the Lord took me in the spirit realm (out of my body) and audibly said to me, "I need you to fill the empty spots in the churches." I got the revelation last year about P and his position and me and my position. God allowed P to rise (no incident) for me to be in this form of ministry. He was using the both of us to reach out to young people (The Youth).

GS: Our site is all about **Empowerment, Purity and Living for God**. What words of wisdom and encouragement can you give to someone seeking salvation and a closer relationship with the Lord?

MT: SEEK THE TRUTH, BE TRUE and A UNIQUE INDIVIDUAL

Set yourself apart, if you are blending in you won't be different. Jesus was a rebel! Be Holy, understand the time we are living in, Jesus is coming during **this** generation. Satan is coming after you with everything he can alcohol, drugs, sex, homosexuality, so be prepared. Seek the things of God, be interested in God He has the anointing. The youth is going to lead the way, they will not be concerned about material things, and they will go after God with their whole heart. God is reaching past some of the elders and going straight to the youth (especially between the ages of 16-21). You're going to have the power to raise the dead, lay hands on the sick because the Holy Spirit will be so heavy upon you. The youth are going to usher in the movement of God. **RUN AFTER GOD!**
